A SUMMARY OF THE NEWS

The Government's case against eleven leaders of the Communist party in this country went to the jury yesterday afternoon. Federal Judge Medina, charging the jury at the close of the trial, which opened on January 17th, said that the right of free speech could be restricted under the welfare clause of the Constitution, that thought control was not at issue and that the element of secrecy charged against the defendants was important.

In Washington, Admiral Denfeld summed up the Navy's case against high defense policies. The Admiral, a member of the Joint Chiefs of Staff, told a House investigating committee that the Navy did not oppose unification of the armed services but objected to the "pattern" of resistance to naval aviation and to the Marine Corps on the part of the Army and Air Force leaders. He included Defense Secretary Johnson among those he said had taken "arbitrary" actions. President Truman, at his press conference, said he saw no reason to change defense policies that he, as Commander in Chief, had fixed after having consulted defense officials.

The majority report of a joint Congressional committee praised the balance struck by the Atomic

HANDS DOWN OPINION IN LICENSE CASE

Judge Hiram H. Keller Sustains Appeal in the Cuttalossa Inn Case

RULES ON THE AREA

DOYLESTOWN, Oct. 14 — Judge Hiram H. Keller, Wednesday handed down an opinion sustaining an appeal finding that the area in Solebury township in which the Cuttalossa Inn is located, is a resort area, and ruling that a license is necessary and the applicants are reputable, qualified persons to hold a license under the Pennsylvania Liquor Control Act.

The Court directed in the opinion handed down that the Pennsylvania Liquor Control Board is directed to issue a restaurant retail liquor license to the applicants, Edward A. Colligan and Amanda K. Colligan, his wife, for the premises known as the Cuttalossa Inn, on the River Road at the intersection of the Cuttalossa Trail.

The appeal was taken by the Colligans from the refusal of the Liquor Control Board to grant a license in Solebury township, in excess of the limitation placed upon the granting of licenses under the so-called quota law.

Three questions to be determined by the Court were discussed in the opinion. The questions were listed as follows:

(1) — Whether or not the premises sought to be licensed are in a municipality which is located in a resort area.

(2) — Whether or not, the determination of this question is solely within the discretion of the Liquor Control Board, whose ruling would be subject to reversal only in the case of abuse or discretion.

(3) — Whether there is any necessity for an additional license for the retail sale of liquor and malt beverages in Solebury township in which Cuttalossa Inn is located.

Judge Keller wrote in his opinion that "it has been conclusively established in the recent hearing in this case before the court, by the great preponderance of evidence, that Solebury township, including

EMPLOYERS LOSE MUCH BY EMPLOYEES' THEFTS

Insurance Co. Representative Says Total is Half-Billion Dollars

SOME PREVENTATIVES

The theft of goods, money and tools by dishonest employees cost business a half billion dollars last year, according to William J. Schiff, assistant secretary of the Indemnity Insurance Company of North America, when he spoke to Rotarians on the subject, "Vanishing Dollars In Business" at the Elks' Home yesterday afternoon.

Schiff declared that there are at least 70 different methods an employee can use to steal from his employer, ranging from the simple pocketing of a tool to the most intricate and complicated accounting manipulation where funds are being embezzled.

The seven most common methods of stealing from an employer were listed as follows: Paying bills to nonexistent companies and cashing the checks with fake signatures, invoicing goods below established prices and getting a cash bribe, raising the amounts on checks, in voices and vouchers after they have been approved.

Issuing and cashing checks for "returned goods" not returned.

Pocketing the proceeds from cash sales and not recording the sales. Collecting doubtful bills and reporting them noncollectable.

Padding pay rolls, time and production records.

In seeking a preventative measure to these practices the speaker suggested the following procedure:

A Leading Tennis Player Addresses Exchange Club

Edward Moyland, Trenton, N. J., one of the nation's leading amateur tennis players, was guest speaker at the meeting of the Bristol Exchange Club last evening.

Moyland gave a very interesting and informative talk upon the subject of tennis, with particular reference to the players of today.

The speaker stated that California would continue to supply the country and the world with its tennis champions, because the weather permits a 12-month season. The concrete courts also make it impossible to play defensive tennis and win, so the youngsters learn aggressive, forcing tennis. The California Tennis Association, according to Moyland, fosters a program for training its young players that is beyond approach.

Moyland declined to predict who would win the coming series of matches between Richard Gonzales, U. S. amateur champion, and Jack Kramer, the professional champion, but he stated these matches would produce really great tennis.

Moyland gave thumbnail sketches of the country's leading players and answered the many questions put to him concerning his many matches with these players. He is not alarmed at the prospect of the United States losing the Davis cup next year—just because Gonzales has turned professional. In the opinion of the speaker there are other young players who are capable of retaining the trophy.

The school district purchased four band uniforms to be worn by the twirlers, a set of hockey sticks and shoes for the girls' hockey team, and a saxophone. The bid for library books was awarded to John Wanamaker, lowest bidder.

It was announced that the clock, which was to be placed outside the building, the gift left the school by the class of 1944, has been placed on the side of the building facing the athletic field.

MODERN BO-PEEPS

It looks as if Americans are becoming Bo-Peeps who are losing their sheep.

U. S. Department of Agriculture came out the other day with some shocking facts and figures. The greatest shocker of all was this: "In 1867, the year of first statistics, there were half again as many sheep in this country as there are now — when the population has quadrupled."

The figures are 46,000,000 sheep and 35,000,000 people then, compared to 32,000,000 sheep and 150,000,000 people now.

Since 1943 the output of lamb and mutton has dropped by nearly one-half. And this despite the fact that the present market for lambs is higher than for hogs or even beef cattle. Latest quotations of the Department of Agriculture show that only veal calves are bringing more money than the 23 cents a pound which farmers received for their live lambs in September.

Two causes are cited by the department for the great and accelerating decline in sheep-raising. One is the diminishing area of land good enough for sheep but not good enough for other livestock or crops. Much of former sheep range in the West is producing a better return in something else.

The other reason is the scarcity of sheepherders. Looking after sheep is a notoriously lonely, low-paid and otherwise unrewarding job. Sheepherders have simply deserted the ranges.

WHAT, NO CONTENT?

It is not surprising to learn that some Americans have managed to induce a California sea lion to swim the English Channel. It's perfectly natural in this world we happen to be living in — when there's a zany radio program to be publicized. The one surprising thing about it is that the promoters didn't make a contest of it.

Granted that human beings who want to swim the Channel set out one by one, across from Calais to Dover, it ought to be more fun to have two or more pitted against each other.

This is only a suggestion, not a complaint. We appreciate the trouble taken by our fellow-countrymen who arranged for Pierre Cilion to negotiate the course in the record-breaking time of a little more than five hours. Had we been asked beforehand, we'd have said that we always knew he could do it. Still, the demonstration is not to be sneezed at, coming at it did late in the season and on one of the roughest days of the year.

All the same, there's a lot to be said for good, clean rivalry among sea lions. It's pleasant to think of Pierre in sportive mood, munching herring while slipping through the Channel. Yet we're afraid it's true.

From the efforts being made by both parties to gain his support, it may be said that in the politician's book the farmer is the indispensable man.

and a new trial, ruled that a new trial is awarded.

The case involves a trial in which a verdict for \$599.90 for the plaintiff, Samuel J. Beattie, and \$9,880.40 for Alice K. Beattie, was given against the defendants, who ask for a new trial.

DOYLESTOWN, Oct. 14 — With the resuming of the second day in the trial of Friends' Hospital, Philadelphia, as Trio Motor Lines, Brooklyn, N. Y., growing out of a two-truck accident on Roosevelt Boulevard, an interesting point of law will be decided by Judge Fred W. Davis in Civil Court here.

Since there is a counter-claim involved, the question whether the Friends Hospital, which is the plaintiff in one action and automatically becomes the defendant in another, came up.

The two-truck accident happened Sept. 22, 1947, when a milk truck owned by the Friends Hospital and

a furniture truck owned by the Brooklyn concern collided.

Attempting to prove that the Friends Hospital is a charitable institution, two officials, Samuel Emlan, 31, secretary, and Edwin Soast, treasurer, produced testimony. A resume of its charitable activities was recited.

Judge Davis will rule whether the matter of the Friends Hospital being a charitable institution is a question of law and is up to the Court, or whether it is a question for the jury to decide before the case continues.

Earl Hall, 44, Pipersville, now of the "Fritzlyn Farms," was employed by the Friends Hospital, Sept. 22, 1947, and was operating the truck on the Roosevelt Boulevard, near the dairy farm operated by the hospital.

The Friends Hospital truck, carrying 329 quarts of milk, 1,000 cars of sweetcorn, tomatoes and other produce, was struck in the rear by the defendant's truck which was hauling furniture.

Ralph Kowalczyk, who was driving the furniture truck, testified that he saw no lights on the vehicle which was stopping in the center of the highway.

Clarence Worthington, a witness for the defendant, testified he saw the Friends Hospital truck parked in the center of the highway and there were no lights on it.

Hall denied that he ever saw or talked to Worthington at the scene of the accident.

"New linoleum
gave my kitchen a lift"

Dear Marge:

You wanted to know the secret of my lovely kitchen. Well, it is lovely if I do say so myself.

Of course I was lucky enough to get the finest of appliances and cabinets. But I really think a big share of the credit should go to that wonderful Nairn Inlaid Linoleum. It looked as nice as the day we bought it. So easy to keep clean—you'd hardly believe how little time it takes.

My sink and counter tops are another thing I can't help bragging about. They're Nairn Linoleum too, splashbacks and all. They're so quiet and clean to work on. And I hardly ever break or chip my dishes now that I have linoleum.

If I were you I'd start right now to plan my new kitchen around Nairn Inlaid Linoleum. There's a grand selection of colors to choose from. Tell you what—measure your room and I'll meet you tomorrow at

Employers Lose Much By Employees' Thefts

Rigid character investigations should be made before an employee is hired for a position of trust. Division of labor should be stressed, so that no single employee is assigned to record and handle all phases of a financial transaction. If possible, employees should be rotated in different jobs. At least once annually, statements to customers should be sent out during the vacation of the bookkeeper or cashier. Countersigners should be required on all checks. Inventories should be taken as often as possible, and by someone other than the person in charge of the stock room. All invoices and statements for merchandise and supplies should be approved by the proper authority, other than the bookkeeper, before payment is made. Distribution of pay-roll money should be made by someone other than the person who computes the pay roll.

"The purchase of fidelity insurance is an obvious means of protecting employers against thefts," Schiff concluded.

Guests were present from Trenton, Morrisville, Bristol, Bensalem, and Philadelphia, with president William J. Begley in charge of the meeting.

SPORTSMEN'S BRIEFS

BY JOE ELBERSON

Little activity... the combination of extremely warm weather and few flight movements made the opening of the woodcock and dove season on Monday of this week a very dull occasion.

Don't know of a single gunner from this area who greeted the opening of the season for these very tasty birds by being afield on Monday. Perhaps later on when colder weather arrives we'll see both more birds and more hunters. The season closes on November 8th (just about the time we can normally expect to see a few woodcock in this vicinity).

Hunt safely... here are some of the remarks made by Governor Duff in a message he recently released:

"Hunt Safely Week" has been designated for the period of October 16th through the 22nd.

"The right to hunt wild game is a great privilege. The early settlers hunted for food and clothing and were careful in handling their firearms. Today we hunt chiefly for sport, but unfortunately too many persons handle their guns carelessly.

"Last year, despite every effort that was made to reduce the number of hunting-shooting accidents in Pennsylvania, 23 persons were killed and 418 were injured in our fields and woodlands. Those lives and injuries must not be 'written off' simply as expected casualties. The reason why they should not be so easily taken for granted is because all or nearly all of them should never have occurred—they could have been prevented.

"Hunting is just as hazardous or as safe as the hunter makes it. It can be much safer than numerous competitive and combative sports. It will remain unsafe as long as a man places his quarry above his loved ones, above his hunting companion, and allows his over-enthusiasm or an itchy trigger finger to account for—not a piece of game—but a human life or limb."

The Game Commission has tried, in every conceivable way, to reduce the hazards of hunting in this Commonwealth, but an unnecessary toll of injuries and deaths continues annually. The active participation of all sportsmen should do much to cut the figures.

Bristol's leading feminine fishing exponent, Mrs. Joseph Suppers, is in the headlines again. Just a short time ago she hooked and landed a 24-inch pickerel in the Canal. On Tuesday of this week she scored again with a 19-inch largemouth bass. The fish, taken from the Canal at Grundy's Park, tipped the scales at an even three pounds. It is the largest fish to date entered in the bass division of the annual fishing contest sponsored by the Bristol Fish & Game Protective Association for its members.

Shoot... this Sunday a white flyer shoot will be held on the grounds of the Bucks County Shooting Association in Chalfont. All shooters are invited to participate in the program which gets underway at 11 o'clock in the morning.

New organization... from Don R. Flack, well-known in these parts for his ability with the long bow, comes this note:

"Under the sponsorship of the New Hope Sportsmen's Club, Inc., the 'Penn Oak Bowman' archery club was recently organized on the estate of Joe Datesman, Penn Oak Farms, Wrightstown, Pa.

"The purpose of this club will be to provide a roving archery target course that closely simulates hunting conditions for those who hunt both small and large game. We also will establish, if all goes well, a Bucks County Men's and Women's Championship before December 1, 1949, and hold tournaments regularly. This, we believe, will be the first field club in Bucks County, and it offers something new to sportsmen. It is, however, The Sport of Man Since Time Began."

Largest so far... the 21½-inch pickerel weighing 2 pounds and 10 ounces is the largest entry to date in the pickerel division of the Bristol club's fishing contest. It was caught in the Canal by Norman Morris. Away out front in the carp division of the same contest is Harry Ewing's 31-pounder.

Back for more... S. E. Scott and Oscar Herrmann, along with Joe Pettit, fished out of Brielle again last Sunday when they caught another batch of porgies and sea bass, but this time they ran much smaller. A 10-pound albacore was brought to gaff after trolling on the return trip. First spot in the ship's pool went to an angler with a 4 pound eel, while a 2 pound bass took second money.

Sid Popkin, Harry Bossler and I gave it a try on Sunday in the bay out of Tuckerton. Plenty of fish, but the same five, six, seven and eight inch bass.

COUNCIL ROCK IS WARRIORS' RIVAL ON LOCAL GRID

With Council Rock High as its opponent, the Bristol High Warriors will play its first Lower Bucks County League game of the season tonight on the local grid-iron. Opening kickoff will take place at 8:45 o'clock.

Council Rock is one of the three new entries in the enlarged Lower Bucks circuit and two weeks ago surprised the fans of this section by holding Bensalem to a scoreless tie by several excellent goal-line stands. Bensalem and Bristol were co-champions of the four-team loop of last season.

Council Rock is coached by a Bristolian, Dominick "Sags" Sagolla, a graduate of Lock Haven State Teachers College, who finished his high school training at Bristol. Sagolla was one of the best quarterbacks developed by Coach "Bill" Dougherty when the latter was here.

The Council Rock mentor has taken many of Coach Dougherty's ideas to Council Rock and tonight the fans can expect anything when the Indians are on the offense. Sagolla is known for his many reverses and cagey passes and intends to shoot the works at Bristol.

The Indians have a line that appears to be as big as that of Trenton Catholic. It was this forward wall that thwarted the many chances that Bensalem had to score. In the line are such players as Belmont, Forsyth, Mensch, Allen, Miller, Warrick, Balderston, White-side, Righter, McGary, Woodward, Belmont was chosen All-Lower Bucks center last season.

Phil Flatch, Russ Morris, Charlie Teschner, and Francis Kerns do the bulk of the work in the backfield with Flatch being the chief ground-gainer. Sagolla was hit hard before the season opened when his star back, Ettenger, was operated upon for appendicitis.

Last week, Council Rock scored a one-sided win over Lower Moreland.

Coach Harry McClister, of the Bristol eleven, is still making changes to strengthen his line. His latest move was to shift Marty

Braam from a backfield position to guard. Braam was also being used at end on defense. The high school coach has been using Braam at one of the guard posts during the practice sessions for the past two weeks, and now feels that he will start the former back alongside of his center, Graceon White, although lacking in weight, has been doing a wonderful job at the other guard post.

It is doubtful whether "Bill" Moll, outstanding fullback, will be able to play for the Warriors. Injured before the Conshohocken game, Moll did not report for practice until this week. He did some running but it was evident that his injured knee was still bothering.

Moll has been under the care of a local physician and unless the treatments respond enough to permit him to run about freely, Coach McClister will side-line him for another week.

"Al" Daniel has been calling the signals and will start at the quarterback post. Harry Eisenbrey's work in the Conshohocken contest has earned him a starting position tonight with Petrizzoli and Welker filling the other positions.

Other linemen will be Rich and Dominick, ends; Weida and Milnor, tackles; and Albright, center.

BRISTOL TOWNSHIP ADDS ANOTHER WIN

The Bristol Township Junior Varsity team added another win to its column yesterday afternoon on its home field by beating the Burlington High Freshmen team, 7-0.

Bob Rigby made the lone touchdown of the game in the second period when he scooted end for 20 yards. Joe Muth kicked the extra point.

Burlington made several threats to score but were pushed back on each occasion.

Township made three other touchdowns but all were called back and penalties inflicted.

PENNSBURY TAKES LEAD IN LEAGUE

FALLSINGTON, Oct. 14—Pennsbury High took first place in the Lower Bucks Girls' Hockey League with a 3-1 triumph over the Bensalem lassies yesterday afternoon.

Last week, Pennsbury beat Bristol. MacSherry scored two of the Pennsbury goals while Willard made the other.

Margaret Hamilton batted the puck into the cage for Bensalem's lone goal.

HIGH SCHOOL GIRLS BATTLE LANGHORNE TO TIE IN HOCKEY

In a Lower Bucks County League tilt played here yesterday afternoon, the Bristol High girls' hockey team battled Langhorne High to a scoreless stalemate.

The teams were quite evenly matched. Most of the playing was crowded in front of the goalie's cage, hence no scoring was done.

A few minutes after the game was under way a bully penalty was called on Alma Rathke, sophomore Bristol goalie, but she hit the ball away and play resumed.

"Jackie" Gillardi, aggressive center for the Red and Gray, played a fine offensive game and Captain "Connie" Clapham backed up the line very well.

Senior Class Will Visit Washington

Continued from Page One

The Bath Street School is conducting a "Safety Campaign" to teach the youngsters to obey the safety rules. The Safety Patrol, made up of fifth grade students and captained by Eugene Downs, has become a governing court. It tries the children who are safety violators and decides whether they are guilty or innocent; if they are guilty, the court, under sponsorship of Mrs. Couch, arranges their punishment. In addition to their punishment, they hold their class back in the "safety race". In the "safety race" each class is represented by a car of a different color. The cars are racing for "Safety Town" which is to be a distance of ten miles. One mile a week is traveled, unless their class has a safety violator who has been proved guilty, then the car does not travel the mile that week. The object of the race is to see which class car reaches "Safety Town".

The Junior class of Bristol High are now ordering their class rings and pins. They have a choice of onyx or plain gold rings and the same choice in pins. Ring measurements will be taken on Monday. The rings and pins are to be delivered before Christmas.

Hold Public Installation For Order of Rainbow Girls

A public installation ceremony took place Wednesday evening when the Bristol Assembly, Order of Rainbow Girls, met in the Bristol Methodist Church. The room was decorated with autumn leaves and pumpkins. The installing officers were: worthy advisor, Alverta McGarity; chaplain, Gloria Jones; marshal, Mary Vetter; recorder, Hester Wright; musician, Ann Ardrey.

The following officers were installed: worthy advisor, Bessie Alcorn; worthy associate advisor, Alice Nemet; charity, Alma Rathke; hope, Barbara Schaum; faith, Patricia Straub; chaplain, Gloria Jones; drill leader, Barbara Lynn; love, Janet Stevenson; religion, Betty Stockwell; nature, "Peggy" Tyler; immortality, Claire Culbertson; fidelity, Jane Hart; patriotism, Shirley Hall; service, Ann Ardrey; confidential observer, Janet Brownlee; outer observer, Connie New; musician, Mary Vetter.

Alverta McGarity, retiring worthy advisor, was escorted to the altar at which time Bessie Alcorn read a poem entitled "My Three Wishes For You." Patricia Straub presented her with red roses, and Alma Rathke presented her with a bouquet from her parents. Her mother, Mrs. Owen McGarity, pinned a past

worthy advisor jewel on Alverta. She was then escorted to the east where she was presented with a gift from her officers, and also a gift from her parents.

The new worthy advisor, Bessie Alcorn, was escorted in front of east where the bow girls formed in front of her. Each girl held a colored ribbon appropriate to her station with a rosebud attached. They were presented to Miss Alcorn individually reciting a verse and unrolling the ribbon retaining one end forming a rainbow of the ribbons. The bow girls knelt while Hester Wright and Alverta McGarity sang "Just Because You're You".

The new worthy advisor made an acceptance speech and introduced members of her family present.

Guests introduced were: Miss Mary Grace Ambler, mother advisor of Martha B. Mathers Assembly, at Abington; Miss Ambler is also state publicity director; Mrs. Emily Shinn, mother advisor of Edith Newton Allen memorial assembly, at Tacony. Members from both assemblies were also present. Mrs. Edgar Bekes, Cornwells Heights, mother advisor of Bristol Assembly, made a few announcements of the assembly's future activities. Refreshments were served. A social time followed. The next meeting October 27th will be initiation of new candidates.

ley High School student, won honors at the meeting of the Northeastern Poultry Producers' Council in Harrisburg, when an egg grading contest was conducted by the council for Future Farmers of America. Scoring 83 points, Eckert took third place in the contest. The young man and Mr. Ott, supervisor of vocational agriculture at Deep Run Valley High School, attended a banquet in connection with the council's convention.

Plans are being made in the Newtown area for the observance of Pennsylvania Week, October 17 to October 24. J. Stanley Lee has been named chairman for the Newtown-Washington Crossing district.

Lee reports that the Newtown Exchange Club has purchased streamers and banners for displays in the stores, and that the stores will have special displays of local products and will feature merchandise made in Pennsylvania.

At the October 20 meeting of the Exchange Club, Pennsylvania Night will be observed and a prominent Keystone State man will be the

speaker. There also will be a special observance of Pennsylvania Week in the Council Rock High School.

Hands Down Opinion In License Case

Continued from Page One

The location of the Cuttalossa Inn is a Spring, Summer and Fall resort area and that there is definite need for a retail liquor license as the location of the inn, in addition to the other licenses now existing.

"Of the two witnesses called on behalf of the Liquor Control Board in opposition to this license, one of these, William F. Taylor, is one of the signers of the applicants' petition but who, for reasons not satisfactorily explained and best known to himself, has recanted his action," the Court wrote.

"He has been a booster of this particular area of Bucks county for many years and formerly published the Towpath Magazine, which was devoted to publicizing the beauties and attractions of the Delaware Valley. He now says it is not a resort area, a change of mind which,

in our opinion, is not borne out by his former representations or the existing facts. The basis of objection would seem to be his personal opposition to the liquor traffic. The other witness gave, as her opinion, that the Cuttalossa Inn was located in a residential, rather than a resort area."

WANTS COUNCIL TO
ACT ON INJUNCTIONThomas Nolan, of Yardley,
Presses For An Early
Decision In Case

ROUTINE AFFAIRS

YARDLEY, Oct. 14 — Pressing for action on the part of borough council, Thomas Nolan, proprietor of a Main street grocery store, has asked Council to "do something" about the injunction which stopped Edward Garlits, owner of the building, from extending the front part of the store beyond the building line.

The Council contends any decision rests with the judge who issued the court order and warned Nolan that any repairs he might attempt to make would bring an injunction against him.

Nolan said that he has been waiting nine months for a court decision and that he would like to have the front of the store closed before cold weather.

Council President George Bennett said he would like to have a committee from the Council work with the Free Library board in revising its by-laws. He pointed out that \$600 of the library's \$1,000 budget comes from taxes.

Burgess Cadwalader stated that weeds be cut and the cost charged to property owners who have failed to take care of the matter.

President Bennett requested that all Chairmen prepare and present their budgets for 1950 to Marshall Hay by the last week in November.

Howard K. Thompson's resignation as a member of the Board of Health was received.

A letter received from the Board of Adjustment concerning the stoppage of the erection of a building at the rear of Frank Gallagher's home on Letchworth Avenue stated that an exception would be made in this case as a lapse of one year had taken place before complaints had been entered.

A letter from the state disclosed there would be no money available until after January 1 to take care of the storm sewer on North Main Street.

A petty cash fund of \$100 was

created to pay part-time labor after approval by the committee chairmen.

It was suggested that someone be hired to assist school children crossing the street, thereby relieving Officer Robert Waterson of that duty and enabling him to be on duty later in the day. A suggestion also was made that Council members consult with members of the

school board about school bus stops here.

A letter was received from the Junior Civic Club asking permission to plant a dogwood tree in memory of Edward Hurley. Permission was granted.

The chairman of the street committee, Michael Derrick, was instructed to consult Harry Lee concerning repairs to College Avenue Hill.

BENSALEM TEAM TO PLAY MORRISVILLE UNDER THE LIGHTS

Saturday night, Bensalem meets the strong Morrisville High team on the Robert Morris field, Morrisville, starting at eight o'clock. "Eddie" Oliver's drop-kick for the extra point gave the Owls a 12-12 win over Coach Gordon Davies' team last season and started the Cornwells Heights team on its way to a deadlock for the league's crown.

Coach Marlon VanHorn, of Bensalem, has run into difficulty in his last three games. After starting out where it left off last season by beating Doylestown, his side lost to Mt. Holly and PSD and were tied by Council Rock.

During practice sessions this week, VanHorn shook up his line-up a little, especially the line and it will be a different fighting aggregation that will play the Bulldogs Saturday night.

After tying Trenton Catholic and winning over Hamilton, Morrisville was stopped by Muhlenberg Township last Saturday. The Bulldogs made a fighting finish but fell short of tying the score. Bob Feiler is expected to lead the offensive attack against the Bensalem eleven.

Langhorne, fresh from its victory over Mt. Pleasant, Del., has an engagement at Huntingdon Valley where it will meet the Lower Moreland High team. Langhorne's lone defeat was at the hands of Riverside. Coach "Jim" Ehl's minions scored a 19-6 triumph over Lower Moreland last season.

Pennsbury High, yet to taste the fruit of victory, will play Florence on the latter's field. Coach Harry Wyckoff's team lost to the Jerseyites, 30-0, last season.

HINNERSHITZ THE NEWEST ASPIRANT FOR POT OF GOLD

LANGHORNE, Oct. 14 — Tommy Hinershitz, of Oley, near Reading, is the newest aspirant for the pot of gold that lies at the end of the 100-mile national championship big auto race at Langhorne Speedway, Sunday.

Sam Nunn, foremost figure in auto racing in the East, and director of the season's closing title test at the Bucks County oval, announced Hinershitz's entry today. Tommy is the A.A.A. Eastern point leader in big car racing. Many other noted chauffeurs trail him.

Another Pennsylvanian who has joined the field for the 100-mile speed spin is Mark Light, of Lebanon, Pa.

Sunday's revival of the century championship event at Langhorne — it was last staged there more than a year ago — has attracted one of the largest and strongest fields in the track's long history.

Foremost, of course, is Bill Holland, Reading, Pa., winner of the 500-mile Memorial Day classic at Indianapolis Speedway. Next in consideration is Johnny Parsons, Van Nuys, Cal., second in the "500," and the leader in this year's AAA National speed championship. Then there's Walt Brown, Mas-

sapequa, L. I., N. Y., who won the last century staged at Langhorne; Paul Russo, Hammond, Ind.; Hank Rogers, Ford, N. J.; Neil Carter, Toledo, O.; Jimmy Davis, Los Angeles, Cal.; Milt Fankhauser, Louisville, Ky.; Buster Warko, Allentown, Pa.; George Fonder, Lansdale, Pa.; Mike Salay, South Bend, Ind.; and Otis Stine, York, Pa.

Warmup runs on the completely reconditioned track will be staged Saturday, but official time trials will not start until 12:45 p. m., Sunday. The 16 fastest qualifiers will start in the three o'clock main event. Parking on the speedway grounds will be free both days.

A SUMMARY OF THE NEWS

The Government's case against eleven leaders of the Communist party in this country went to the jury yesterday afternoon. Federal Judge Medina, charging the jury at the close of the trial, which opened on January 17th, said that the right of free speech could be restricted under the welfare clause of the Constitution, that thought control was not at issue and that the element of secrecy charged against the defendants was important.

In Washington, Admiral Denfeld summed up the Navy's case against high defense policies. The Admiral, a member of the Joint Chiefs of Staff, told a House investigating committee that the Navy did not oppose unification of the armed services but objected to the "pattern" of resistance to naval aviation and to the Marine Corps on the part of the Army and Air Force leaders. He included Defense Secretary Johnson among those he said had taken "arbitrary" actions. President Truman, at his press conference, said he saw no reason to change defense policies that he, as Commander in Chief, had fixed after having consulted defense officials.

The majority report of a joint Congressional committee praised the balance struck by the Atomic

HANDS DOWN OPINION IN LICENSE CASE

Judge Hiram H. Keller Sustains Appeal in The Cuttlossa Inn Case

RULES ON THE AREA

DOYLESTOWN, Oct. 14 — Judge Hiram H. Keller, Wednesday handed down an opinion sustaining an appeal finding that the area in Solebury township in which the Cuttlossa Inn is located, is a resort area, and ruling that a license is necessary and the applicants are reputable, qualified persons to hold a license under the Pennsylvania Liquor Control Act.

The Court directed in the opinion handed down that the Pennsylvania Liquor Control Board is directed to issue a restaurant retail liquor license to the applicants, Edward A. Colligan and Amanda K. Colligan, his wife, for the premises known as the Cuttlossa Inn, on the River Road at the intersection of the Cuttlossa Trail.

The appeal was taken by the Colligans from the refusal of the Liquor Control Board to grant a license in Solebury township, in excess of the limitation placed upon the granting of licenses under the so-called quota law.

Three questions to be determined by the Court were discussed in the opinion. The questions were listed as follows:

(1) — Whether or not the premises sought to be licensed are in a municipality which is located in a resort area.

(2) — Whether or not, the determination of this question is solely within the discretion of the Liquor Control Board, whose ruling would be subject to reversal only in the case of abuse or discretion.

(3) — Whether there is any necessity for an additional license for the retail sale of liquor and malt beverages in Solebury township in which Cuttlossa Inn is located.

Judge Keller wrote in his opinion that "it has been conclusively established in the recent hearing in this case before the court, by the great preponderance of evidence, that Solebury township, including

EMPLOYERS LOSE MUCH BY EMPLOYEES' THEFTS

Insurance Co. Representative Says Total is Half-Billion Dollars

SOME PREVENTATIVES

The theft of goods, money and tools by dishonest employees cost business a half billion dollars last year, according to William J. Schiff, assistant secretary of the Indemnity Insurance Company of North America, when he spoke to Rotarians on the subject, "Vanishing Dollars In Business" at the Elks' Home yesterday afternoon.

Schiff declared that there are at least 70 different methods an employee can use to steal from his employer, ranging from the simple pocketing of a tool to the most intricate and complicated accounting manipulation where funds are being embezzled.

The seven most common methods of stealing from an employer were listed as follows: Paying bills to nonexistent companies and cashing the checks with fake signatures, invoicing goods below established prices and getting a cash bribe, raising the amounts on checks, in voices and vouchers after they have been approved.

Issuing and cashing checks for "returned goods" not returned. Pocketing the proceeds from cash sales and not recording the sales. Collecting doubtful bills and reporting them noncollectable.

Padding pay rolls, time and production records.

In seeking a preventative measure to these practices the speaker suggested the following procedure:

A Leading Tennis Player Addresses Exchange Club

Edward Moyland, Trenton, N. J., one of the nation's leading amateur tennis players, was guest speaker at the meeting of the Bristol Exchange Club last evening.

Moyland gave a very interesting and informative talk upon the subject of tennis, with particular reference to the players of today.

The speaker stated that California would continue to supply the country and the world with its tennis champions, because the weather permits a 12-month season. The concrete courts also make it impossible to play defensive tennis and win, so the youngsters learn aggressive, forcing tennis. The California Tennis Association, according to Moyland, fosters a program for training its young players that is beyond approach.

Moyland declined to predict who would win the coming series of matches between Richard Gonzales, U. S. amateur champion, and Jack Kramer, the professional champion, but he stated these matches would produce really great tennis.

Moyland gave thumbnail sketches of the country's leading players and answered the many questions put to him concerning his many matches with these players. He is not alarmed at the prospect of the United States losing the Davis cup next year—just because Gonzales has turned professional. In the opinion of the speaker there are other young players who are capable of retaining the trophy.

The plans of the Bristol High School Class of 1950 for their Washington trip are well underway. They will leave for Washington on April 24 and return home on the 27th. While there they will register at the New Colonial Hotel. The same itinerary as last year will be followed, except that the class will go to Annapolis instead of the Pan-American Building.

The advisory group consists of David L. Hertzler, chairman; Mrs. Edith Harding and Mrs. Bertha Almond, from the school board; Miss Anne Bressi and Paul D. Brown, class advisors of the class of 1950; Mrs. William Marray and Lester Michael, advisors of the class of '51; Mrs. John Gontar and Philip B. Frankmore, advisors of the class of '52. All plans for the Washington trip must be passed upon by the advisory group; not individuals.

The seniors are adding to their school bank account every week. Some students have up to \$50 saved so far.

Rehearsals for "The Seven Keys to Baldpate," by George M. Cohan, which has been chosen as the senior play this year, are being held daily in the auditorium. The play is one of mystery, comedy and intrigue.

Two reels of motion pictures were shown at the Wood Street School by the Jr. Red Cross. One of the reels was about animals and the other was "Red Cross at Work."

TRACTOR CONSIDERABLY DAMAGED ON ROUTE 1

Sideswipes Another Going Up Grade East of Penn-del Last Night

DAMAGE PUT AT \$5,000

PENNDDEL, Oct. 14 — A tractor-trailer was considerably damaged last night when one truck sideswiped another on Route 1, east of here. The damage to the tractor of one machine is estimated at about \$5,000. The other truck was damaged to the extent of about \$300.

A truck driven by Harry McKenzie, 42, of 720 Bainbridge street, Philadelphia, was proceeding slowly up a grade when it was struck on the left rear by a truck driven by Floyd Campbell, 29, of 4044 Havertown avenue, Philadelphia.

The Campbell tractor-trailer was traveling at a faster pace, it is believed, than the McKenzie vehicle, and in turning out, the distance was misjudged.

The tractor of the Campbell vehicle was damaged to the extent of \$5,000 and the McKenzie machine damaged about \$300.

Campbell was arrested for reckless driving. Both vehicles were traveling west.

BENSALEM TO FILE APPLICATION FOR A NEW H. S. BUILDING

School District Takes Action At Board Session On Wednesday

BUY ANDALUSIA LOTS

Additional Ground To Be Used for Play Area At School

CORNWELLS HEIGHTS, Oct. 14 — The Bensalem School Board met Wednesday evening with Robert B. VanSant presiding. All board members were present.

An agreement was signed by the board to purchase several lots from C. Burnley and Dorothea White, in Andalusia, adjacent to the present school site, to afford more playground space.

The board passed a resolution to file an application with the State School Building Authorities for the erection of a new high school building.

An application for a leave of absence for the month of October was accepted by the board for Miss Katherine Pentz, because of the critical illness of her father.

The school district purchased four hand uniforms to be worn by the twirlers, a set of hockey sticks and shoes for the girls' hockey team, and a saxophone. The bid for library books was awarded to John Wanamaker, lowest bidder.

It was announced that the clock, which was to be placed outside the building, the gift left the school by the class of 1944, has been placed on the side of the building facing the athletic field.

Plans for the workshop, which is being held today, were shared with the board.

NEWPORTVILLE, Oct. 14 — The Cheerful Workers and Young People of the Newportville Community Church—Presbyterian, arranged a shower in honor of Mrs. George Triston, nee Jacquelin Ingraham, in the church social hall on Wednesday evening.

The decorations were in pink and blue with bowls of fall flowers adorning the tables, the bride's table having a large tiered wedding cake for the center-piece; favors were small pink and white hats. Mrs. John Lowrie acted as mistress of ceremonies, and escorted "Jackie" to the platform where a table laden with gifts awaited her. Suspended above the table was a decorated watering-can with colored paper streamers coming from the spout and attached to the gifts.

Group singing was enjoyed and the following favored with vocal selections: Susan and Marjorie Perente, Phyllis Winger, Miss Frances Mattocks, Mrs. R. Berg, Mrs. J. Lowrie; the accompanists being Miss Louise Kohler, Miss Doris Winder and Mrs. F. Wimmersberger. Refreshments of ice cream, cake, pretzels, potato chips, tea and coffee were served at the tastefully decorated tables.

The annual Christmas dance will be held at the Torresdale Country Club during month of December, but a date was not decided upon. Miss Catherine Dunn has appointed chairman of the fine arts and music committee due to former chairman, Mrs. Robert Baurth, moving from the community. The resignation submitted by Miss Hilda Taylor was accepted.

The business meeting was adjourned and members enjoyed thirty minutes of entertainment and information set to music of the motion picture "Pennsylvania." This film, painted in vivid words and colors portrayed famous reminders of men and events in the country's history. Scenic beauties of Cook Canyon of Pennsylvania, the world famous rose gardens of Hershey and the spectacular displays of Pittsburgh's molten steel were shown. Refreshments were served.

11 TOP AMERICAN COMMUNISTS FOUND GUILTY

New York — Eleven top American Communists were found guilty today on charges of conspiring to teach and advocate overthrow of the U. S. government by force.

The verdict in the historic nine-month trial was announced today after a jury of eight women and four men had deliberated the charges about seven hours.

Immediately upon dismissal of the jury Judge Harold R. Medina cited five of the defense lawyers and chief defendant Eugene Dennis, who acted as his own attorney, for contempt of court.

Conviction on the conspiracy if upheld by the higher courts leaves each defendant liable to a maximum prison sentence of 10 years and \$10,000 fine.

The conviction of the group may have far reaching effects on the legal standing of the entire Communist Party.

Defense attorneys and defendants said during the trial that their conviction will drive the party underground.

The outburst came with dramatic suddenness. The jurors received the case at 3:54 p. m. yesterday but failed to reach a verdict by 10:29 p. m. and were taken to a hotel for the night.

At 11:17 a. m. with the court of Federal Judge Harold R. Medina virtually empty of onlookers, the jury sent in word that it was ready to return to the courtroom.

Tension immediately swept the room and corridors and people began filing

MODERN BO-PEEPS

It looks as if Americans are becoming Bo-Peeps who are losing their sheep.

U. S. Department of Agriculture came out the other day with some shocking facts and figures. The greatest shocker of all was this: "In 1867, the year of first statistics, there were half again as many sheep in this country as there are now — when the population has quadrupled."

The figures are 46,000,000 sheep and 35,000,000 people then, compared to 32,000,000 sheep and 150,000,000 people now.

Since 1943 the output of lamb and mutton has dropped by nearly one-half. And this despite the fact that the present market for lambs is higher than for hogs or even beef cattle. Latest quotations of the Department of Agriculture show that only veal calves are bringing more money than the 23 cents a pound which farmers received for their live lambs in September.

Two causes are cited by the department for the great and accelerating decline in sheep-raising. One is the diminishing area of land good enough for sheep but not good enough for other livestock or crops. Much of former sheep range in the West is producing a better return in something else.

The other reason is the scarcity of sheepherders. Looking after sheep is a notoriously lonely, low-paid and otherwise unrewarding job. Sheepherders have simply deserted the ranges.

WHAT, NO CONTENT?

It is not surprising to learn that some Americans have managed to induce a California sea lion to swim the English Channel. It's perfectly natural in this world we happen to be living in — when there's a zany radio program to be publicized. The one surprising thing about it is that the promoters didn't make a contest of it.

Granted that human beings who want to swim the Channel set out one by one, across from Calais to Dover, it ought to be more fun to have two or more pitted against each other.

This is only a suggestion, not a complaint. We appreciate the trouble taken by our fellow-countrymen who arranged for Pierre Cilion to negotiate the course in the record-breaking time of a little more than five hours. Had we been asked beforehand, we'd have said that we always knew he could do it. Still, the demonstration is not to be sneezed at, coming at it did late in the season and on one of the roughest days of the year.

All the same, there's a lot to be said for good, clean rivalry among sea lions. It's pleasant to think of Pierre in sportive mood, munching herring while slipping through the Channel. Yet we're afraid it's true.

FROM THE EFFORTS BEING MADE

By both parties to gain his support, it may be said that in the politician's book the farmer is the indispensable man.

and a new trial, ruled that a new trial is awarded.

The case involves a trial in which a verdict for \$599.90 for the plaintiff, Samuel J. Beattie, and \$3,889.40 for Alice K. Beattie, was given against the defendants, who ask for a new trial.

DOYLESTOWN, Oct. 14 — With the resuming of the second day in the trial of Friends Hospital, Philadelphia, versus Frank Lipper, trading as Trio Motor Lines, Brooklyn, N. Y., growing out of a two-truck accident on Roosevelt Boulevard, an interesting point of law will be decided by Judge Fred W. Davis in Civil Court, here.

Since there is a counter-claim involved, the question whether the Friends Hospital, which is the plaintiff in one action and automatically becomes the defendant in another, came up.

The two-truck accident happened Sept. 22, 1947, when a milk truck owned by the Friends Hospital and

a furniture truck owned by the Brooklyn concern collided.

Attempting to prove that the Friends Hospital is a charitable institution, two officials, Samuel Emlan, 54, secretary, and Edwin Soast, treasurer, produced testimony. A resume of its charitable activities was recited.

Judge Davis will rule whether the matter of the Friends Hospital being a charitable institution is a question of law and is up to the Court, or whether it is a question for the jury to decide before the case continues.

Earl Hall, 44, Piperaville, now of the "Fritzlyn Farms," was employed by the Friends Hospital, Sept. 22, 1947, and was operating the truck on the Roosevelt Boulevard, near the dairy farm operated by the hospital.

The Friends Hospital truck, carrying 325 quarts of milk, 1,000 ears of sweetcorn, tomatoes and other produce, was struck in the rear by the defendant's truck which was hauling furniture.

Ralph Kowalczyk, who was driving the furniture truck, testified that he saw no lights on the vehicle which was stopping in the center of the highway.

Clarence Worthington, a witness for the defendant, testified he saw the Friends Hospital truck parked in the center of the highway and there were no lights on it.

Hall denied that he ever saw or talked to Worthington at the scene of the accident.

Let's talk about your kitchen floor

"New linoleum gave my kitchen a lift"

Dear Marge

You wanted to know the secret of my lovely kitchen. Well, it is lovely if I do say so myself.

Of course I was lucky enough to get the finest of appliances and cabinets. But I really think a big share of the credit should go to that wonderful Nairn Inlaid Linoleum. It fitted my color-scheme perfectly, and it looks as nice as the day we bought it. So easy to keep clean—you'd hardly believe how little time it takes.

My sink and counter tops are another thing I can't help bragging about. They're Nairn Linoleum too, splashbacks and all. They're so quiet and clean to work on. And I hardly ever break or chip my dishes now that I have linoleum.

If I were you I'd start right now to plan my new kitchen around Nairn Inlaid Linoleum. There's a grand selection of colors to choose from. Tell you what—measure your room and I'll meet you tomorrow at

Employers Lose Much By Employees' Thefts

Rigid character investigations should be made before an employee is hired for a position of trust. Division of labor should be stressed, so that no single employee is assigned to record and handle all phases of a financial transaction. If possible, employees should be rotated in different jobs. At least once annually, statements to customers should be sent out during the vacation of the bookkeeper or cashier. Countersigners should be required on all checks. Inventories should be taken as often as possible, and by someone other than the person in charge of the stock room. All invoices and statements for merchandise and supplies should be approved by the proper authority, other than the bookkeeper, before payment is made. Distribution of pay-roll money should be made by someone other than the person who computes the pay roll.

"The purchase of fidelity insurance is an obvious means of protecting employers against thefts," Schiff concluded.

The insulation material has been delivered. Concrete for the foundation of the boys' building has been poured. It is stated that the help of additional men to work at Camp Andalusia on the week-ends is needed. Any who can spare even brief periods of time to assist in the building will be greatly appreciated. A permanent electric pole has been obtained by Roland Frying. Mrs. John Booth volunteered to write the appreciation letters. It was announced that ten pounds of sugar, two quarts of cream and two quarts of milk are being donated for the Halloween Frolic which will take place at Eddington Farms on Oct. 21st.

SPORTSMEN'S BRIEFS

BY JOE ELBERSON

Little activity... the combination of extremely warm weather and no flight movements made the opening of the woodcock and dove season on Monday of this week a very dull occasion.

Don't know of a single runner from this area who greeted the opening of the season for these very tasty birds by being afield on Monday. Perhaps later on when colder weather arrives we'll see both more birds and more hunters. The season closes on November 8th (just about the time we can normally expect to see a few woodcock in this vicinity).

Hunt safely... here are some of the remarks made by Governor Duff in a message he recently released:

"Hunt Safely Week" has been designated for the period of October 16th through the 22nd.

"The right to hunt wild game is a great privilege. The early settlers hunted for food and clothing and were careful in handling their firearms. Today we hunt chiefly for sport, but unfortunately too many persons handle their guns carelessly.

"Last year, despite every effort that was made to reduce the number of hunting-shooting accidents in Pennsylvania, 23 persons were killed and 418 were injured in our fields and woodlands. Those lives and injuries must not be 'written off' simply as expected casualties. The reason why they should not be so easily taken for granted is because all or nearly all of them should never have occurred—they could have been prevented.

"Hunting is just as hazardous or as safe as the hunter makes it. It can be much safer than numerous competitive and combative sports. It will remain unsafe as long as a man places his quarry above his loved ones, above his hunting companion, and allows his over-enthusiasm or an itchy trigger finger to account for—not a piece of game—but a human life or limb."

The Game Commission has tried, in every conceivable way, to reduce the hazards of hunting in this Commonwealth, but an unnecessary toll of injuries and deaths continues annually. The active participation of all sportsmen should do much to cut the figures.

Bristol's leading feminine fishing exponent, Mrs. Joseph Suppers, is the headlines again. Just a short time ago she hooked and landed a 2 1/2-inch pickerel in the Canal. On Tuesday of this week she scored again with a 19-inch largemouth bass. The fish, taken from the Canal at Grandy's Park, tipped the scales at an even three pounds. It is the largest fish to date entered in the bass division of the annual fishing contest sponsored by the Bristol Fish & Game Protective Association for its members.

Shoot... this Sunday a white flyer shoot will be held on the grounds of the Bucks County Shooting Association in Chalfont. All shooters are invited to participate in the program which gets underway at 11 o'clock in the morning.

New organization... from Don R. Plack, well-known in these parts for his ability with the long bow, comes this note:

"Under the sponsorship of the New Hope Sportsmen's Club, Inc., the 'Penn Oak Bowman' archery club was recently organized on the estate of Joe Datesman, Penn Oak Farms, Wrightstown, Pa.

"The purpose of this club will be to provide a roving archery target course that closely simulates hunting conditions for those who hunt both small and large game. We also will establish, if all goes well, a Bucks County Men's and Women's Championship before December 1, 1949 and hold tournaments regularly. This, we believe, will be the first field club in Bucks County, and it offers something new to sportsmen. It is, however, The Sport of Man Since Time Began."

Largest so far... the 21 1/2-inch pickerel weighing 2 pounds and 10 ounces is the largest entry to date in the pickerel division of the Bristol club's fishing contest. It was caught in the Canal by Norman Morris. Away out front in the carp division of the same contest is Harry Eling's 31-pounder.

Back for more... S. E. Scott and Oscar Herrmann, along with Joe Pettit, fished out of Brielle again last Sunday when they caught another batch of porgies and sea bass, but this time they ran much smaller. A 10-pound albacore was brought to gaff after trolling on the return trip. First spot in the ship's pool went to an angler with a 4 pound eel, while a 2 pound bass took second money.

Big Popkin, Harry Bossler and I gave it a try on Sunday in the bay out of Tuckerton. Plenty of fish, but the same five, six, seven and eight inch bass.

COUNCIL ROCK IS WARRIORS' RIVAL ON LOCAL GRID

With Council Rock High as its opponent, the Bristol High Warriors will play its first Lower Bucks County League game of the season tonight on the local grid-iron. Opening kickoff will take place at 8:45 o'clock.

Council Rock is one of the three new entries in the enlarged Lower Bucks circuit and two weeks ago surprised the fans of this section by holding Bensalem to a scoreless tie by several excellent goal-line stands. Bensalem and Bristol were co-champions of the four-team loop of last season.

Council Rock is coached by a Bristolian, Dominick "Sags" Sagolla, a graduate of Lock Haven State Teachers College, who finished his high school training at Bristol. Sagolla was one of the best quarterbacks developed by Coach "Bill" Dougherty when the latter was here.

The Council Rock mentor has taken many of Coach Dougherty's ideas to Council Rock and tonight the fans can expect anything when the Indians are on the offense. Sagolla is known for his many reverses and cagey passes and intends to shoot the works at Bristol.

The Indians have a line that appears to be as big as that of Trenton Catholic. It was this forward wall that thwarted the many chances that Bensalem had to score. In the line are such players as Belmont, Forsyth, Mensch, Allen, Miller, Warrick, Halderston, White-side, Righter, McGary, Woodward, Belmont was chosen All-Lower Bucks center last season.

Phil Flatch, Russ Morris, Charlie Teschner, and Francis Kerns do the bulk of the work in the backfield with Flatch being the chief ground-gainer. Sagolla was hit hard before the season opened when his star back, Ettenger, was operated upon for appendicitis.

Last week, Council Rock scored a one-sided win over Lower Moreland.

Coach Harry McClister, of the Bristol eleven, is still making changes to strengthen his line. His latest move was to shift Marty

BRISTOL TOWNSHIP ADDS ANOTHER WIN

The Bristol Township Junior Varsity team added another win to its column yesterday afternoon on its home field by beating the Burlington High Freshmen team, 7-0.

Bob Rigby made the lone touchdown of the game in the second period when he scooted end for 20 yards. Joe Muth kicked the extra point.

Burlington made several threats to score but were pushed back on each occasion.

Township made three other touchdowns but all were called back and penalties inflicted.

Pennsbury takes lead in league.

FALLSINGTON, Oct. 14 — Pennsbury High took first place in the Lower Bucks Girls' Hockey League with a 3-1 triumph over the Bensalem lassies yesterday afternoon.

Last week, Pennsbury beat Bristol. MacSherry scored two of the Pennsbury goals while Willard made the other.

Margaret Hamilton batted the puck into the cage for Bensalem's lone goal.

HIGH SCHOOL GIRLS BATTLE LANGHORNE TO TIE IN HOCKEY

In a Lower Bucks County League tilt played here yesterday afternoon, the Bristol High girls' hockey team battled Langhorne High to a scoreless stalemate.

The teams were quite evenly matched. Most of the playing was crowded in front of the goalies' cage, hence no scoring was done.

A few minutes after the game was under way a bully penalty was called on Alma Rathke, sophomore Bristol goalie, but she hit the ball away and play resumed.

"Jackie" Gillard, aggressive center for the Red and Gray, played a fine offensive game and Captain "Conale" Clapham backed up the line very well.

Bristol meets Bensalem High at Bensalem next Thursday afternoon.

Lineups:

Bristol (6): S. Morrell, P. Muth, J. Gillard, D. Keers, M. Barton, D. Bailey, C. Clapham, J. Kelly, J. Rathke, A. Rathke.

Langhorne (6): B. Young, R. Michally, A. Price, J. Sneddon, M. Hannond, M. Kaytor, J. Babesh, J. Brostrus, M. Reese, M. Gall, N. Kauffman.

Score by halves: 0-0—0-0—0-0.

Substitute for Bristol: S. Stackhouse.

Referees — Mrs. Charles Weiner.

Senior Class Will Visit Washington

Continued from Page One

The Bath Street School is conducting a "Safety Campaign" to teach the youngsters to obey the safety rules. The Safety Patrol, made up of fifth grade students and captained by Eugene Downs, has become a governing court. It tries the children who are safety violators and decides whether they are guilty or innocent; if they are guilty, the court, under sponsorship of Mrs. Couch, arranges their punishment. In addition to their punishment, they hold their class back in the "safety race". In the "safety race" each class is represented by a car of a different color. The cars are racing for "Safety Town" which is to be a distance of ten miles. One mile a week is traveled, unless the class has a safety violator who has been proved guilty, then the car does not travel the mile that week. The object of the race is to see which class car reaches "Safety Town".

The Junior class of Bristol High are now ordering their class rings and pins. They have a choice of onyx or plain gold rings and the same choice in pins. Ring measurements will be taken on Monday. The rings and pins are to be delivered before Christmas.

A public installation ceremony took place Wednesday evening when the Bristol Assembly, Order of Rainbow Girls, met in the Bristol Methodist Church. The room was decorated with autumn leaves and pumpkins. The installing officers were: worthy advisor, Alverta McGarity; chaplain, Gloria Jones; marshal, Mary Vetter; recorder, Hester Wright; musician, Ann Ardrey.

The following officers were installed: worthy advisor, Bessie Alcorn; worthy associate advisor, Alice Neme; charity, Alma Rathke; hope, Barbara Schaum; faith, Patricia Straub; chaplain, Gloria Jones; drill leader, Barbara Lynn; love, Janet Stevenson; religion, Betty Stockwell; nature, "Peggy" Tyler; immortality, Claire Culbertson; fidelity, Jane Hart; patriotism, Shirley Hall; service, Ann Ardrey; confidential observer, Janet Brownlee; outer observer, Connie New; musician, Mary Vetter.

Alverta McGarity, retiring worthy advisor, was escorted to the altar at which time Bessie Alcorn read a poem entitled "My Three Wishes For You." Patricia Straub presented her with red roses, and Alma Rathke presented her with a bouquet from her parents. Her mother, Mrs. Owen McGarity, pinned a past

worthy advisor jewel on Alverta. She was then escorted to the east where she was presented with a gift from her officers, and also a gift from her parents.

The new worthy advisor, Bessie Alcorn, was escorted in front of east where the bow girls formed in front of her. Each girl held a colored ribbon appropriate to her station with a rosebud attached. They were presented to Miss Alcorn individually reciting a verse and unrolling the ribbon retaining one end forming a rainbow of the ribbons. The bow girls knelt while Hester Wright and Alverta McGarity sang "Just Because You're You."

The new worthy advisor made an acceptance speech and introduced members of her family present. Guests introduced were: Miss Mary Grace Ambler, mother advisor of Martha B. ley High School student, won honors at the meeting of the Northeastern Poultry Producers' Council in Harrisburg, when an egg grading contest was conducted by the council for Future Farmers of America. Scoring 83 points, Eckert took third place in the contest. The young man and Mr. Ott, supervisor of vocational agriculture at Deep Run Valley High School, attended a banquet in connection with the council's convention.

Plans are being made in the Newtown area for the observance of Pennsylvania Week, October 17 to October 24. J. Stanley Lee has been named chairman for the Newtown-Washington Crossing district.

Lee reports that the Newtown Exchange Club has purchased streamers and banners for displays in the stores, and that the stores will have special displays of local products and will feature merchandise made in Pennsylvania.

At the October 20 meeting of the Exchange Club, Pennsylvania Night will be observed and a prominent Keystone State man will be the

speaker. There also will be a special observance of Pennsylvania Week in the Council Rock High School.

Hands Down Opinion In License Case

the location of the Cuttalossa Inn is a Spring, Summer and Fall resort area and that there is definite need for a retail liquor license as the location of the inn, in addition to the other licenses now existing."

"Of the two witnesses called on behalf of the Liquor Control Board in opposition to this license, one of these, William F. Taylor, is one of the signers of the applicants' petition but who, for reasons not satisfactorily explained and best known to himself, has recanted his action," the Court wrote.

"He has been a booster of this particular area of Bucks county for many years and formerly published the Towpath Magazine, which was devoted to publicizing the beauties and attractions of the Delaware Valley. He now says it is not a resort area, a change of mind which,

in our opinion, is not borne out by his former representations or the existing facts. The basis of objection would seem to be his personal opposition to the liquor traffic. The other witness gave, as her opinion, that the Cuttalossa Inn was located in a residential, rather than a resort area."

WANTS COUNCIL TO ACT ON INJUNCTION

Thomas Nolan, of Yardley, Presses For An Early Decision In Case

ROUTINE AFFAIRS

YARDLEY, Oct. 14 — Pressing for action on the part of borough council, Thomas Nolan, proprietor of a Main street grocery store, has asked Council to "do something" about the injunction which stopped Edward Garlits, owner of the building, from extending the front part of the store beyond the building line.

The Council contends any decision rests with the judge who issued the court order and warned Nolan that any repairs he might attempt to make would bring an injunction against him.

Nolan said that he has been waiting nine months for a court decision and that he would like to have the front of the store closed before cold weather.

Council President George Bennett said he would like to have a committee from the Council work with the Free Library board in revising its by-laws. He pointed out that \$600 of the library's \$1,000 budget comes from taxes.

Burgess Cadwalader stated that weeds be cut and the cost charged to property owners who have failed to take care of the matter.

President Bennett requested that all Chairmen prepare and present their budgets for 1950 to Marshall Hay by the last week in November.

Howard K. Thompson's resignation as a member of the Board of Health was received.

A letter received from the Board of Adjustment concerning the stoppage of the erection of a building at the rear of Frank Gallagher's home on Letchworth Avenue stated that an exception would be made in this case as a lapse of one year had taken place before complaints had been entered.

A letter from the state disclosed there would be no money available until after January 1 to take care of the storm sewer on North Main Street.

A petty cash fund of \$100 was

created to pay part-time labor after approval by the committee chairmen.

It was suggested that someone be hired to assist school children crossing the street, thereby relieving Officer Robert Waterson of that duty and enabling him to be on duty later in the day. A suggestion also was made that Council members consult with members of the

school board about school bus stops here.

A letter was received from the Junior Civic Club asking permission to plant a dogwood tree in memory of Edward Hurley. Permission was granted.

The chairman of the street committee, Michael Derrick, was instructed to consult Harry Lee concerning repairs to College Avenue Hill.

BENSALEM TEAM TO PLAY MORRISVILLE UNDER THE LIGHTS

Saturday night, Bensalem meets the strong Morrisville High team on the Robert Morris field, Morrisville, starting at eight o'clock. "Eddie" Oliver's drop-kick for the extra point gave the Owls a 13-12 win over Coach Gordon Davies' team last season and started the Cornwells Heights team on its way to a deadlock for the league's crown. Coach Marlon Vanifom, of Bensalem, has run into difficulty in his last three games. After starting out where it left off last season by beating Doylestown, his side lost to Mt. Holly and PSH and were tied by Council Rock.

During practice sessions this week, Vanifom shook up his line-up a little, especially the line and it will be a different fighting aggregation that will play the Bulldogs Saturday night.

After being Trenton Catholic and winning over Hamilton, Morrisville was stopped by Muhlenberg Township last Saturday. The Bulldogs made a fighting finish but fell short of tying the score. Bob Feiler is expected to lead the offensive attack against the Bensalem eleven.

Langhorne, fresh from its victory over Mt. Pleasant, Del., has an engagement at Huntingdon Valley where it will meet the Lower Moreland High team. Langhorne's lone defeat was at the hands of Riverside. Coach "Jim" Ehl's minions scored a 19-6 triumph over Lower Moreland last season.

Pennsbury High, yet to taste the fruit of victory, will play Florence on the latter's field. Coach Harry Wyckoff's team lost to the Jerseyites, 30-0, last season.

HINNERSHITZ THE NEWEST ASPIRANT FOR POT OF GOLD

LANGHORNE, Oct. 14 — Tommy Hinnershitz, of Oley, near Reading, is the newest aspirant for the pot of gold that lies at the end of the 100-mile national championship big race at Langhorne Speedway, Sunday.

Sam Nunis, foremost figure in auto racing in the East, and director of the season's closing title test at the Bucks County oval, announced Hinnershitz's entry today. Tommy is the A.A. Eastern point leader in big car racing. Many other noted chauffeurs trail him.

Another Pennsylvanian who has joined the field for the 100-mile speed spin is Mark Light, of Lebanon, Pa.

Sunday's revival of the century championship event at Langhorne — it was last staged there more than a year ago — has attracted one of the largest and strongest fields in the track's long history.

Foremost, of course, is Bill Holland, Reading, Pa., winner of the 500-mile Memorial Day classic at Indianapolis Speedway. Next in consideration is Johnny Parsons, Van Nuys, Cal., second in the "500," and the leader in this year's AAA National speed championship.

Then there's Walt Brown, Mas-

sapequa, L. I., N. Y., who won the last century staged at Langhorne; Paul Russo, Hammond, Ind.; Hank Rogers, Fords, N. J.; Neil Carter Toledo, O.; Jimmy Davis, Los Angeles, Cal.; Milt Fankhauser, Louisville, Ky.; Buster Warke, Allentown, Pa.; George Fonder, Lansdale, Pa.; Mike Salay, South Bend, Ind.; and Otis Stine, York, Pa.

Warmup runs on the completely reconditioned track will be staged Saturday, but official time trials will not start until 12:45 p. m., Sunday. The 16 fastest qualifiers will start in the three o'clock main event. Parking on the speedway grounds will be free both days.
